

Colposcopes AC-3 series

Colposcopes AC-3 series equipped with optics from Schott Optical Glass, which guarantees the highest quality of image.

Available models:

- **AC-3300** – double halogen light source (15V / 150W), three magnification levels
- **AC-3500** – halogen light source (15V / 150W), five magnification levels
- **AC-3900** – halogen light source (15V / 150W), smooth change of magnification; binocular angle of 45 °

Specifications:

●magnification:

AC-3300: 2.7x, 6.7x, 16.7x (middle of field of view 78, 30, 12mm)

AC-3500: 2.7x, 4.2x, 6.7x, 10.7x, 16.7x

AC-3900: 2.2x ~ 12.9x

●focal:

AC-3300: 160mm

AC-3500/3900: 300mm

●light intensity: > 38 000 000 lux

●individually adjustable glasses 12,5

●continuously adjustable brightness

●green light filter

●height adjustment:

AC-3300: 1050mm ~ 1200mm,

AC-3500/3900: 800mm ~

1200mm

●Weight: 19kg (AC 3300)
