

Portable suction units – DF-760 & DF-760A

DF-760

DF-760A

FEATURES:

- Whole A.B.S plastic injection made outer shell. Design with smart appearance, light weight and easy to carry. Low noise and powerful suction function which provides a better quality care for users.
- Regulator was designed to adjust the pressure which could help suction function becomes more efficient. The operation plate was made by PC which can prevent from scratch and discoloration.
- While the bottle is full, the level float control will stop the suction function automatically which could prevent the pollution against the pump.
- DF-760 is the necessary item of hospital,

clinics, pediatrics and home care.
